Checks should be made out to Capezio. A Capezio representative will attend the August 26th.

Fittings, measure shoe sizes of students without the proper color and order the shoes and tights.

Permission Slip

My child, _____, has my permission to audition for and participate in *The Nutcracker*. I agree to pay a \$100.00 fee at the beginning of the audition on August 19th. The fee includes costume rental with cleaning and alterations, and class and rehearsal time. I also agree to pay \$25.00 at the beginning of costume and shoe fitting on August 26th. This includes ballet shoes in the proper color for girls, and black jazz shoes for boys, as well as one pair of tights per dancer. I also agree that my child will attend the costume and shoe fitting class, as well as the weekly dance classes at the assigned time on Saturdays. I understand my child must attend the dress rehearsal on Thursday, December 7th at 4:00pm, and two performances on Saturday, December 9th at 2:00pm and 7:00pm. **I also am aware that there is a performance for schools on Friday, December 9th at 10:00am. If my child cannot attend this performance because it is a school day, I will attach a note explaining this and attach to this permission form. I understand that only two excused absences are allowed for classes and rehearsals before my child may be dropped with no refund.

I realize many things are considered when choosing students to perform. There must be a costume to fit each dancer, students need a desire to dance and must be able to take direction and assume responsibility, which includes wearing proper ballet attire, and girls wearing their hair in a bun to every class. If my child is not cast for any reason, fees paid will be returned at the end of the audition. I understand I will be emailed my child's role and Saturday rehearsal times.
